Level 1– Social / Country / Pre-Bronze

This class is perfect for newcomers who have never danced before, or those who have limited experience in dancing. Level 1 will give you the essential introduction to various dance styles. You will learn the basic patterns and work on timing, leading and following.

Students are strongly encouraged to take this level for at least two years.

PLEASE NOTE FOR ALL CLASSES BELOW

Classes rely on switching partners as teaching tool. It is therefore necessary for the students to be at more or less the same level of skills and abilities. **The Appropriate Skills Policy (see website)** will be implemented and **Auditions** will be required as per the policy. If you were registered in a specific level in 2016-17 you will be able to re-register at that level without auditioning. All others will need to **Audition on 6 Sept 2017** (see website for details). The club will do all that is possible to maximise the learning potential in all classes. We appreciate your cooperation.

Level 2– Social / Country

This class is designed for intermediate dancers and adds more challenging patterns. You will work on improving your lead and follow skills and pay more attention to footwork, leg and hip action, rise & fall, posture, frame and styling. This class will make you a good social dancer and fun partner.

Students are strongly encouraged to stay in level 2 for at 2 to 3 years before moving on to Level 3.

Level 3– Social

For the Intermediate Plus dancers, you must have a very good understanding of the dances, including the **technique required for FOOTWORK, LEAD AND FOLLOW, BODY POSITION**, etc., and be able to dance a variety of patterns with different partners easily.

Level 4– Social

For this advanced class you must have an excellent understanding of the dances and be able to dance a variety of patterns with different partners easily and with excellent technique. You've already mastered the patterns, styling, and have further developed your technique from Social 3. The smooth dances are now more open and flowing with continuity style and the rhythm dances become more intricate with their patterns and show more finesse with their techniques and styling. If you have completed the Social 3 this is the next step in your dancing journey

International Silver

At this level, ballroom dances become more flowing and the latin dances show more pizzaz. This is intended for students who have mastered **Level 2 and/or Bronze** and have an excellent understanding of the **techniques required for FOOTWORK, LEAD AND FOLLOW, BODY POSITION, etc.** **It is recommended that dancers attend this level for two years as a minimum before moving to Gold.**

International Gold and Above is designed for advanced International Style dancers. For this level you must have an excellent understanding of the dances, successfully completed 2 years of International Silver and be able to dance a variety of patterns in each dance with different partners easily

Must have EXCELLENT TECHNIQUE AND KNOWLEDGE in Silver International
